NOTES TO STATEMENT OF FINANCIAL CONDITION
MARCH 31, 2016

Statement No. 1a

NOTE 1 - DESCRIPTION OF BUSINESS:

The Garbacz Group, Inc., a Missouri corporation, was organized in 1990 for the purpose of providing broker-dealer services to its customers. The Company services the Midwest region of the United States and sells stocks and bonds, variable and fixed annuities and mutual funds.

The Company is a registered broker-dealer in securities that introduces its customers to another broker-dealer who carries such accounts on a fully disclosed basis. The Company promptly forwards all funds and securities received in connection with its activities as broker-dealer and does not otherwise hold funds or securities for, or owe money to, customers and does not otherwise carry proprietary or customer accounts.

NOTE 2 - CONCENTRATIONS OF CREDIT RISK:

The Company maintains its cash deposits in various financial institutions, which sometimes include amounts in excess of that insured by the Federal Deposit Insurance Corporation.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES:

Security transactions and related commission revenue and expense are recorded on a trade date basis. Acting as an agent, the Company may buy and sell securities on behalf of its customers. In return for such services, the Company charges a commission. Each time customers enter into a buy or sell transaction, a commission is earned by the Company for its selling and administration efforts.

The Company records temporary investments at market and the unrealized gain/loss is reflected on the books.

Fixed assets are carried at cost, less accumulated depreciation computed using both the straight-line and accelerated methods. Depreciation for the year ended March 31, 2016, is \$1,890. Fixed assets are depreciated as follows:

	<u>Estimated Useful Life</u>	<u>Cost</u>	<u>Depreciation</u>
Equipment, Furniture and Fixtures	3-7 Years	<u>\$41,417</u>	<u>\$39,222</u>

Commissions payable are current obligations to brokers resulting from the buying and selling of securities and annuities to customers in the ordinary course of business.

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

The Company's policy is to expense non-direct response advertising costs when incurred. The total advertising costs charge to expense for the year ended March 31, 2016, was \$470. The Company does not utilize direct-response advertising and, accordingly, no provision for capitalizing these costs have been made.

NOTES TO STATEMENT OF FINANCIAL CONDITION
MARCH 31, 2016

Statement No. 1a

NOTE 3 – SIGNIFICANT ACCOUNTING POLICIES: (Continued)

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Substantially all of the Company's financial assets and liabilities, as well as financial instruments with off-balance sheet risk, are carried at market or fair values or are carried at amounts that approximate fair value because of their short-term nature. Fair value is estimated at a specific point in time, based on relevant market information or the value of the underlying financial instrument. These estimates do not generally reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument.

NOTE 4 – INCOME TAXES:

The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2012.

Deferred income taxes result from differences in the timing of revenue and expense recognition for tax purposes and financial reporting purposes.

NOTE 5 – NET CAPITAL REQUIREMENTS:

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At March 31, 2016, the Company had net capital and net capital requirements of approximately \$251,486 and \$50,000, respectively. The Company's ratio of aggregate indebtedness to net capital is .025 to 1.00.

NOTE 6 – RESERVE REQUIREMENTS:

The Company is exempt from the reserve requirements of the Securities and Exchange Act of 1934, per section (K)(2)(ii) of Rule 15c3-3.

NOTE 7 – LEASES:

In April 2015, the Company renewed its lease agreement commencing July 1, 2015, through June 30, 2018. In the normal course of business, operating leases are generally renewed or replaced by other leases. Required yearly payments are as follows:

2016	\$ 23,904
2017	23,904
2018	<u>5,976</u>
	<u>\$ 53,784</u>

Statement No. 1a

NOTE 8 – SIMPLIFIED EMPLOYEE PENSION PLAN:

Effective April 30, 2014, the Company established a 401k plan which covers all eligible employees. A contribution of \$3,408 was made for the current year.

NOTE 9 – FAIR VALUE MEASUREMENT:

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principle market for the asset or liability or, in the absence of principle market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities the Company has the ability to assess.
- Level 2 inputs are inputs (other than quoted prices included in level 1) that are observable for the asset or liability either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

At March 31, 2016, the Company did not have any level 2 or level 3 inputs.

NOTE 10 – SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through April 28, 2016, the date which the Financial Statements were issued.

NOTE 11 – COMMITMENTS AND CONTINGENCIES:

The Company has no commitments or contingencies that require disclosure through April 28, 2016, the date of the Independent Auditor's Report.

Report of Independent Registered Public Accounting Firm

**To the Board of Directors and Stockholders
of The Garbacz Group, Inc.**

We have reviewed management's statements, included in the accompanying Exemption Report SEA Rule 17a-5(d)(4), in which (1) The Garbacz Group, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which The Garbacz Group, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3(2)(ii) (the "exemption provisions") and (2) The Garbacz Group, Inc. stated that The Garbacz Group, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. The Garbacz Group, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about The Garbacz Group, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
